# DSC (CH) Obligationenfonds CHF Class R

## INVESTMENT POLICY

The primary investment objective of this subfund is to earn an appropriate return in the unit of account by investing directly in debt instruments and rights denominated in Swiss francs of all types from issuers worldwide (including emerging markets), which generally have a credit rating from a rating agency recognized by the supervisory authority, a banking rating, or an implied credit rating of at least BBB- or equivalent. The principles of risk diversification, security of capital, and liquidity of the assets in the subfund must be taken into account.

The product's investment objectives, risks, charges and expenses, as well as more complete information about the product, are provided in the prospectus (or relevant offering document), which should be read carefully before investing. Investing in funds is subject to market risks. Historical performance is not a guide to current or future performance. The performance data do not take into account any costs or commissions incurred when issuing or redeeming units. The performance is calculated in line with the provisions of the Asset Management Association Switzerland. The shown yield-to-maturity is calculated as of 29.03.2024 and does not take into account costs, changes in the portfolio, market fluctuations and potential defaults. The yield to maturity is an indication only and is subject to change. This fact sheet is for information and marketing purposes. The relevant documents (prospectus, key information document) as well as the latest annual and semi-annual reports may be obtained free of charge from Dreyfus Sons & Co Ltd, Banquiers, Aeschenvorstadt 14-16, 4051 Basel.
